Provider's Account Number with Financial Institution:	1234123412341234
Financial Institution Routing Number:	341234123
EFT Status:	Prenote/Test

Once bank information is submitted, the information will display, and also shows the status of the registration. The status will show as Prenote/Test until the registration process is complete, at which time the status will switch to Production. When this happens, users can then expect to have claims payments deposited into their bank account.
