

Provider Bulletin

These bulletins are how we communicate procedures, reminders and other information to our valued Magellan Complete Care providers. Please take the time to read the information and share with your colleagues and staff. You can also find this information on MCCofFL.com.

Laboratory services update

Magellan Complete Care of Florida values the level of service you provide to our members and are committed to keeping you abreast of any updates made to our health plan.

As of September 15, 2020, updated limits for laboratory services will be put in place for practitioner and outpatient hospital services. These limits will reflect the maximum units set by Medicaid and AHCA.

As a Magellan Complete Care of Florida network partner, we're informing you 60-days ahead of when the updated unit limits will be enforced and come into effect. We request that you advise your staff about this upcoming change.

If you have any questions, please contact Provider Services at 1-800-327-8613 or mccflprs@magellanhealth.com.
