MCC of FL's review for inpatient services

Beginning 10/1/2020, Magellan Complete Care of Florida (MCC of FL) will be implementing process changes for Physical Health Inpatient DRG reviews.

Readmissions

MCC of FL will review inpatient DRG admissions for potential readmission within 30 days. A Readmission is defined as a discharge from an inpatient DRG stay and then a subsequent admission to the same hospital (or Hospital System) within 30 calendar days of discharge for the same or similar diagnosis.

Inpatient admissions qualifying as a readmission will be identified, and the claim for the subsequent admission will be adjusted and combined with the original admission stay onto a single claim.

Concurrent Reviews

MCC of FL will implement concurrent reviews of continued stays of approved inpatient DRG admissions following *MCG Guidelines*[®] Goal Length of Stay (GLOS) and the Optimal Recovery Course.
