

Provider Bulletin

These bulletins are how we communicate procedures, reminders and other information to our valued Magellan Complete Care providers. Please take the time to read the information and share with your colleagues and staff. You can also find this information on MCCofFL.com.

This replaces the bulletin that was sent on April 30, 2021

Prior Authorization Requirement Changes

Effective 7/1/21, National Imaging Association (NIA) will no longer be a part of the Magellan Complete Care of Florida (MCC of FL) network. As NIA also owns and manages RadMD and manages authorizations for a variety of other services, we found it necessary to adjust our current processes for authorization of these services. Effective 7/1/21, MCC of FL will allow a 60-day temporary suspension on authorization requirements for the services listed below:

- Diagnostic Imaging Services
 - MRIs
 - MRAs
 - PET Scans
 - CT Scans
 - MPI/Nuclear Stress
 - MUGA
 - Heart Catheterization
 - Stress Echocardiography
- Therapeutic Cardiac Services
 - Cardiac Implantable Device (Pacemaker, CRT, Defibrillator)
- Surgery Services
 - Inpatient and Outpatient Cervical Services
 - Inpatient and Outpatient Lumbar Spine Surgery
- Pain Management Services
 - Interventional Pain Management

Please note: Although these services will temporarily not require prior authorization, providers should still follow the appropriate clinical care guidelines to ensure services are medically necessary. MCC of FL reserves the right for retrospective reviews on these services and if appropriate may deny payment as a result.

For questions, please contact MCC of FL's Provider Services department at 800-327-8613.
